2017 YOUTH RISK BEHAVIOR SURVEY

Kenai Peninsula Borough School District

Sample Description:

District Level - All regular public schools containing grades 9, 10, 11, or 12 in districts who chose to participate in the 2017 YRBS.

Class Level - All classes meeting during a particular period of the day were included in the sampling frame.

Response Rates:

Schools - 100% 13 of 13 sampled schools participated.

Students - 65% 1338 of the 2064 sampled students submitted questionnaires.

Overall response rate - $100\% * 65\% = 65\%$

Note:

Because the overall response rate equaled or exceeded the 50% threshold established for schools that administer surveys to a sample of students, the data are weighted and are representative of the entire student body. Confidence intervals are generated where there are at least 100 survey responses.

School	Surveys	Class Enrollment	Response Rate
SUMMARY	1338	2064	65%
Homer High School	172	359	48%
Kachemak Selo School	1	15	7%
Kenai Central High School	283	434	65%
Nanwalek School	14	15	93%
Nikiski Middle/Senior High School	107	207	52%
Nikolaevsk School	14	24	58%
Ninilchik School	44	45	98%
River City Academy	37	54	69%
Seward High School	146	159	92%
Soldotna High School	345	519	66%
Soldotna Prep School	150	194	77%
Susan B English School	7	7	100%
Voznesenka School	18	32	56%

2017 YOUTH RISK BEHAVIOR SURVEY

Alaska Statewide Traditional High School Sample

Sample Description:

School Level - All regular public schools containing grades 9, 10, 11, or 12 with enrollments of ten or more were included in the sampling frame. Schools were selected systematically with probability proportional to enrollment in grades 9 through 12 using a random start. 43 schools were sampled.

Class Level - All classes meeting during a particular period of the day were included in the sampling frame. Systematic equal probability sampling with a random start was used to select classes from each school that participated in the survey.

Response Rates:

Schools - 93% 40 of 43 sampled schools participated

Students - 66% 1,343 of the 2,007 sampled students submitted questionnaires.
1,332 questionnaires were usable after data editing.

Overall response rate - $93\% * 66\% = 62\%$

Special Note:

Because the overall response rate equaled or exceeded the 60% threshold established by the Centers for Disease Control (CDC) for statewide random samples, the data are weighted and are representative of the entire student body of Alaska students in traditional high school settings. Confidence intervals are generated where there are at least 100 survey responses.

2017 YOUTH RISK BEHAVIOR SURVEY

Safety - Risk Behaviors

- Kenai Peninsula Borough School District: Traditional HS 2017
- Alaska Statewide: Traditional HS 2017

Data statistically unreliable (DSU) indicates less than 100 respondents.
