Students

EDUCATION FOR HOMELESS CHILDREN AND YOUTHS and those in Foster placement

Formatted: Underline

The Board believes that all students should have stability in school attendance and services and that this stability should not be denied as a result of ~~the~~ homelessness or being placed in foster care. To this end, it is the Board's intent to remove barriers to the enrollment and retention of students in foster care and homeless children and youths in school. Special attention will be given to ensuring the enrollment and attendance of students in foster care, and homeless students not currently attending school. Homeless students and students in foster care will be provided District services for which they are eligible, including Title I, similar state programs, special education, ELL education, vocational and technical education programs, gifted and talented programs, and school nutrition programs. Homeless students and students in foster care will not be segregated in a separate school or a separate program within a school.
