- Site Council (3 years)

My name is Cameron Blackwell. I was born in Sitka, Alaska in 2002. I moved to Soldotna when I was 6 months old and have lived here ever since. I attended Redoubt Elementary School, Skyview Middle School, Soldotna Preparatory School, and I am now a Soldotna High School Senior. I was in the first class to attend Skyview Middle School and look forward to graduating from Soldotna High School this spring.

I have been very active in various extracurricular activities in the Kenai Peninsula Borough School District. Prominent in my involvement are the sports I participate in - cross country running, nordic skiing, and soccer. I have lettered in all three sports since I was a freshman and have thoroughly enjoyed the wonderful opportunities sports have provided me. I was able to fly to Juneau and Ketchikan last year for soccer and I was able to take the Alaska Railroad to Fairbanks for skiing last winter. These were definitely opportunities not often found by athletes in other states within our country!

I was named Masonic Student of the year as a 6th grader at Redoubt Elementary and as a 9th grader at Soldotna Preparatory. These recognitions were very meaningful to me and I am grateful for all my teachers and administrators for guiding me through my education.

I am active within Student Council and have served as class president my freshman, sophomore and junior year. I was fortunate to be elected student body president my senior year and look forward to helping inspire my fellow SoHi Stars!

Additionally, I have been active within the Soldotna Chamber Student Ambassador program for the past two years where I serve as the current secretary. This opportunity has provided me great insight in to the community of Soldotna and the wonderful things my home town has to offer. I am thankful for the many businesses who have participated in the program and have educated me and my fellow ambassadors.

One of my passions is health and wellness. I have had the good fortune to share my passion of living a healthy lifestyle by serving as a Teen Against Tobacco Use and an Alaska Tobacco Control Alliance Ambassador. Through these organizations, I have been able to share with young people the harmful impacts of tobacco use and why making healthy choices is so important.

My civic involvement to date has included a year of service on the Soldotna City Council as the Student Representative, a member of Soldotna High School's Site Council for the past three years and through my service as a Page in the United States Senate in Washington, DC last summer.

My work experiences have included time working for the Boys and Girls Clubs as a youth soccer referee and this summer, I am working for the Kenai National Wildlife Refuge as a Youth Conservation Corps Member. It has been a wonderful summer of maintaining trails, hiking, boating and enjoying our beautiful Alaska summers!

In my spare time, I love to downhill and nordic ski, hike, camp and go flying with my Dad. I plan to attend college upon graduation and hope to pursue a career in the medical field as a pediatrician.

It is an honor serving as the Student Representative on the KPBSD School Board, and I hope I can make a positive contribution during my time on the board.
