To Whom It May Concern,

I am requesting a leave of absence from my position as a resource teacher at Fireweed Academy. I need to relocate for a period of time to support my aging parents. It appears that a one year leave of absence will be a sufficient time to meet this need

I understand that I upon return, it is unlikely that I will be able to resume my position as a resource teacher at Fireweed but I hope for another teaching position in the Homer area.

I have enjoyed working as an employee of the Kenai Peninsula Borough School District and I look forward to returning in the near future.

Thank you for considering this request for a leave of absence.

Sincerely,

Christine Faber

Accepted.
