

Kenai Peninsula Borough School District Superintendent Search Community Feedback Survey

The KPBSD Board of Education encourages public participation in its process to select a superintendent of schools. The school board invites input from everyone interested in schools, including parents, students, KPBSD staff, site councils, PTAs, volunteers, business and community organizations, community groups, and the public. The school board has sole responsibility for the selection of candidates, final interviews, and selection of the superintendent, but would like to consider the views and interests of the public to help guide those decisions.

Thank you for making time to share your thoughts on this important decision.
