# Who are we?

The Kenai Peninsula Economic Development District (KPEDD) is a private non-government resource focused on responsible/sustainable economic development for our region. Using a 30,000ft view of the economy, we locate financing and orchestrate community collaboration for economic planning and business incubation. We support infrastructure projects, workforce development and regional industries. KPEDD is funded by federal, state, regional and educational contracts.

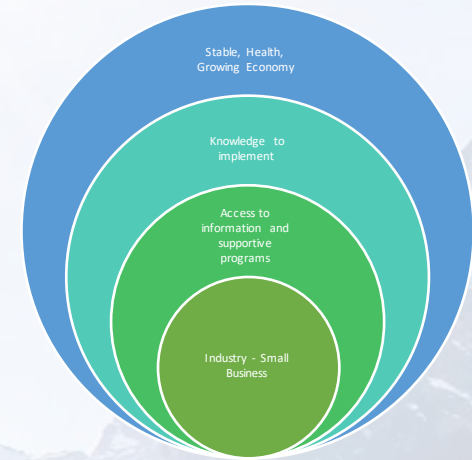

# Comprehensive Economic Development Strategy (CEDS)

What is it? Why is it especially important right now?

*“The Comprehensive Economic Development Strategy (CEDS) contributes to effective economic development in America’s communities and regions through a locally-based, regionally-driven economic development planning process. Economic development planning – as implemented through the CEDS – is not only a cornerstone of the U.S. Economic Development Administration’s (EDA) programs, but successfully serves as a means to engage community leaders, leverage the involvement of the private sector, and establish a strategic blueprint for regional collaboration. The CEDS provides the capacity-building<sup>1</sup> foundation by which the public sector, working in conjunction with other economic actors (individuals, firms, industries), creates the environment for regional economic prosperity.”*

*- US Economic Development Administration*

- ✓ **Regional Economic Development and Planning**
- ✓ **Opens Federal Funding Opportunities**
- ✓ **Builds leadership throughout the region**
- ✓ **Enhances cooperation and fosters public ownership on the Kenai Peninsula**

# KPEDD's CEDS Planning and Outreach Efforts

The Kenai Peninsula Economic Development District is coordinating with the University of Alaska Center for Economic Development to develop, compile, assess and evaluate our region's economic trends, climate and future. We are determined to create a document that is beneficial, useful and will serve as a valuable tool across the Peninsula.

The regions that we are focusing our outreach efforts on will include the following areas (but are not limited to):

- Southern Peninsula: Homer, Seldovia, Anchor Point
- Eastern Peninsula: Seward, Hope, Moose Pass
- Central Peninsula: Kenai, Nikiski, Soldotna
- Tribal Organizations: Chugach, Kenaitze, Nanwalek, Seldovia Village Tribe, Tyonek

# OUTREACH: INDUSTRY GROUPS ON THE KENAI PENINSULA

KPEDD is also conducting outreach and sampling from major industries and business groups throughout the Peninsula. Through public forums, smaller engagement sessions, or one-on-one meetings with industry leaders, our focus will be to compile essential information that will assist in creating a more robust CEDS product. The acumen and insight will be invaluable in the Peninsula's economic trajectory and future.

- Oil and Gas Industry
- Fisheries Groups
- Maritime Trades
- Tourism
- Agriculture
- Medical
- NonProfits
- Chambers of Commerce

## *SWOT Analysis*

- **Strengths:** characteristics of the business or project that give it an advantage over others.
- **Weaknesses:** characteristics that place the business or project at a disadvantage relative to others.
- **Opportunities:** elements in the environment that the business or project could exploit to its advantage.
- **Threats:** elements in the environment that could cause trouble for the business or project.

As of July 2020, KPEDD staff organized the KPEDD Board Retreat, as well as hosted the KPEDD Economic Future Forum just a few weeks ago. The outcome of the discussions created our focus of the SWOT analysis.

Through the CEDS development process, we will continue to be seeking to identify internal and external factors directly related to the economic climate and future of the Kenai Peninsula. Looking through the SWOT lens, we will better be able to address and achieve the CEDS goals as well as develop strategies for businesses to implement.

# What additional opportunities do you see for the Kenai Peninsula?

# What additional threats do you see for the Kenai Peninsula?

# Identified Strengths On the Kenai Peninsula

1. Increasing graduation rates and decreased dropout rates.
2. Over 30 organizations are leading training, education, and professional workforce development.
3. Established education and research facilities (Alaska Sealife Center, Challenger Center, Kasitsna Bay Lab).
4. Stable government sector, including collaboration and integration at the local government level.
5. Opportunity for housing on the peninsula and housing prices lower than in Anchorage and the Mat-Su.
6. Third lowest crime rate per capita in Alaska (among 20 tracked Boroughs and census areas).
7. The region is accessible by road, air, and water transportation as well as rail service in Seward.
8. Borough-wide business resources (KPEDD, SBA, and SBDC).
9. Two large ice-free ports with Coast Guard presence, Homer and Seward.
10. Increased access to affordable energy.
11. Vast natural resources across the peninsula.
12. Robust hospital and healthcare sector with many providers and specialists.
13. Increased relationships with tribal governments and Native organizations (non-profits, medical centers).
14. KPEDD Board of directors.
15. Strong non-profit sector (senior center, center for coastal studies, food banks, churches, Love Inc.).

# Identified Weaknesses On the Kenai Peninsula

---

1. Aging population and low in-migration.
2. Public revenues that support city governments, the borough, and the school district are down.
3. Economically-active population (workforce) is shrinking .
4. Decreasing public school enrollment, and funding instability for education at the borough and state level.
5. Higher prices than Anchorage and Mat-Su for groceries and gas.
6. Many families have to work multiple jobs to make ends meet.
7. Tourism sector's dependence on the Lower 48 / international economic situation.
8. Fishing sector's dependence on harvest quota and fluctuation in the number of fish.
9. A decrease in oil production resulting from low prices/supply.
10. The cost of energy is a barrier to attracting new manufacturers.
11. Lack of coordination/planning borough-wide.
12. Lack of affordable mixed-use, temporary, and seasonal housing.
13. Lack of human capital, particularly highly specialized trades.
14. Inconsistent cellphone and broadband coverage, and lacking communications infrastructure.
15. Limited public transportation options, including air travel limitations due to the loss of Ravn Air service.
16. Geographic dispersion makes providing services difficult,
17. including (maintaining infrastructure, access to medical and mental health care, and law enforcement).

# Identified Opportunities on the Kenai Peninsula

1. Potential for increase in employment and high paying jobs in oil and gas, construction associated with the Alaska LNG project.
2. Expansion of high paying healthcare jobs.
3. Increase in the number of medical facilities across the region, including specialist physicians and services.
4. The diverse economic base of the peninsula spans tourism/eco-tourism, oil and gas, fisheries, food hubs, farmers markets, healthcare, marijuana manufacturing, and construction.
6. Growing opportunities for agriculture and mariculture.
7. The Coast Guard is looking at Homer and Seward for marine trades and vessel maintenance.
8. Opportunities for land development, including potential housing projects, affordable, temporary/seasonal housing.
9. Teleworking/telecommuting now accessible.
10. High quality of life.
11. An increasing number of post-secondary/professional training programs.
12. Growth at airports and ports, with more room for development.
13. KPEDD economic resiliency plan (opportunities for communities, relationship with federal agencies: EPA and EDA).
14. Government/elected officials (local, borough, state) are accessible.

# Identified Threats on the Kenai Peninsula

1. Further decrease in oil prices.
2. Uncertain economics of Alaska LNG.
3. Increase in salmon harvest limit in the region.
4. Seafood harvest subject to natural fluctuations.
5. Travel limitations due to disruptions in marine and air travel.
6. Natural disaster (fire, flood, pandemic, earthquake).
7. State's fiscal crisis (tax increases, cost shift to local municipalities, cuts to services).
8. Cuts to education (across the board), and loss of University programs.
9. Lack of pre-k childcare.
10. Prolonged impacts from the pandemic.
11. Loss of mom and pop shop revenue with an increase in internet sales.
12. Lack of interest in scaling businesses, lack of employment drive.
13. High unemployment is pushing down local wages (the ability to get living wages is going down).
14. Out-migration and brain-drain.

OVERARCHING CEDS GOAL:

*QUALITY OF LIVING/PLACE*

This includes continuing to develop the Kenai Peninsula “brand” for residents, visitors, and businesses and promoting expansion of recreational amenities and public access.

# Comprehensive Economic Development Strategy Goals

**Technology /Communications (Goal 1)**

-

Expand broadband access across the Borough

**Workforce and Human Capital (Goal 2)**

-

Industry partnerships and VOC-tech

-

Attract, retain and train qualified workforce

**Infrastructure and Land Use (Goal 3)**

-

Industry focused infrastructure

-

Stability and resiliency in transportation infrastructure

-Mitigation/responsible use of lands

**Business Climate and Entrepreneurship (Goal 4)**

-

Outreach, education, and information sharing with government support of businesses

**Regional Partnerships (Goal 5)**

-

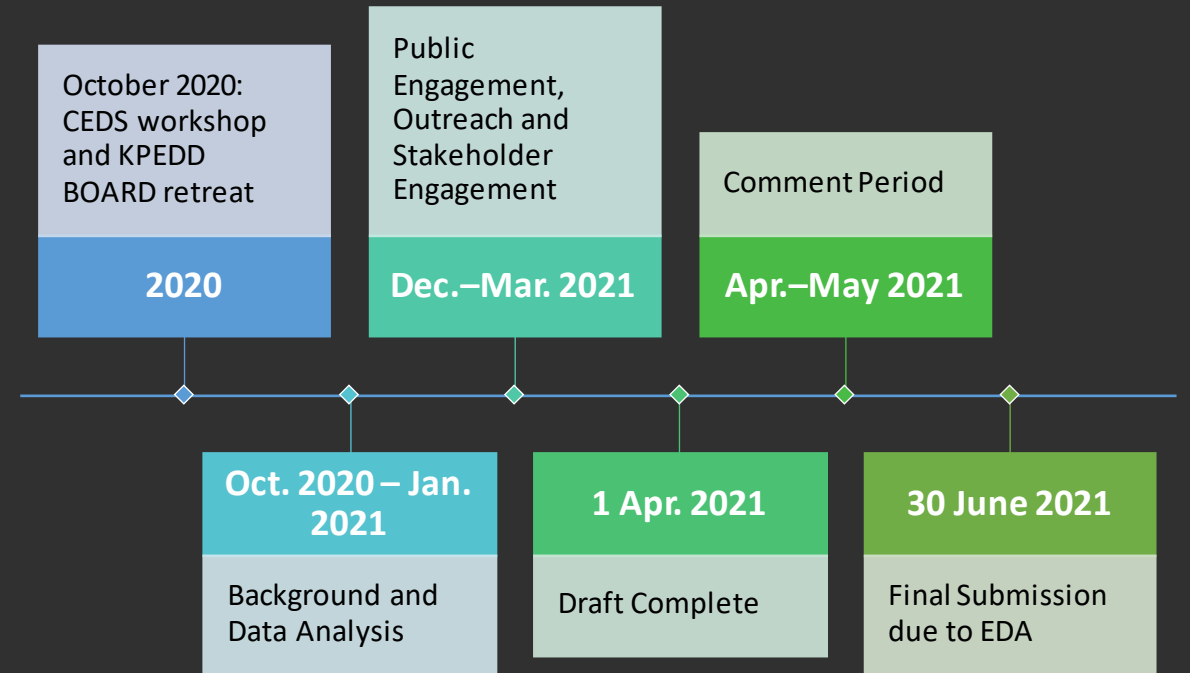

Coordinate with industry

-

Coordinate with municipalities, communities, and non-profits

# CEDS TIMELINE to COMPLETION

## When has having a CEDS made a difference?

---

- 7.0 magnitude 2018 Earthquake 2019
- Peninsula Wildfires; among the biggest fire seasons on record for the state
- COVID-19 Pandemic Mitigation
- Challenger Learning Center curriculum expansion
- Homer Soil and Water Conservation District Block Grant for Food Distribution Study

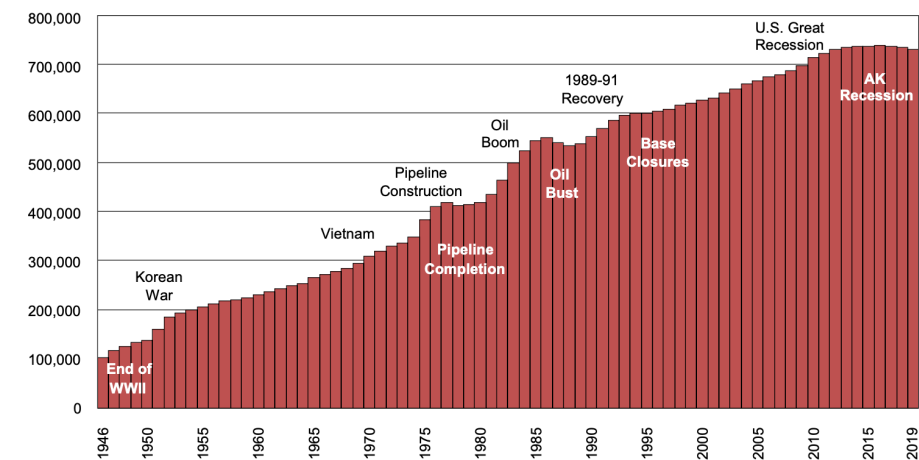

Investment in Broadband Infrastructure: A Universal Priority

---

# Existing Identified Challenges on the Peninsula

- Many of our challenges pose similar obstacles and pathways to resolve
- Erosion which is occurring more and more along Alaska's coastline
- Spruce Bark Beetle Infestation
- Out migration
- A rising tide floats all boats

## 2021 Federal Legislative Priorities

The Kenai Peninsula Borough School District (KPBSD) stands ready to work with the federal legislature to find the right solutions to fully implement the following priorities in order to support development of world-class graduates from our public schools.

Detail

- **Public Education**

Detail

- **Positive School Climate, Social and Emotional Learning and Well-being**

Detail

- **COVID19 Management Funding**

Detail

- **Funding of IDEA, Federal Title Programs and Accountability**

# What can you do to help this process?

Attend our outreach events

Participate in the surveys

Encourage participation in your community

“

WE MAY HAVE ALL COME ON DIFFERENT  
SHIPS, BUT WE'RE IN THE SAME BOAT  
NOW.

- MARTIN LUTHER KING, JR.

It's  
important to  
remember,  
we are all  
really the  
same.

# Don't forget the bigger picture.....

---

The Kenai Peninsula is vast; approximately 25,000 square miles. The size of West Virginia. It's intuitive that the Kenai Peninsula CEDS will be as vast in content as it is geographically.

*Thank you so very much for your  
time, input and commitment to our  
Kenai Peninsula.*
