

AASB Virtual Leadership & Legislative Academy and Youth Advocacy Institute  
Synopsis-Olivia Davis  
February 6, 2021

“Last month, I had the incredible opportunity to attend the AASB Virtual Leadership, Legislative Academy, and Youth Advocacy Institute. I had never attended anything like it. Even though it was virtual, I still had a very memorable experience.

Over the two days, I got to meet legislators and other students from around the state and use my voice to advocate for issues in Alaska that I am passionate about.

This conference gave me a great introduction to the Alaskan legislative process in terms of both lawmaking and elections. I hope to go into politics someday and I am happy to say that this conference was one of my many motivators.

Thank you to everyone who made my attendance possible.”
