Forward to the Future!

We are always looking for new businesses to partner with for the program. If you are interested in becoming a work placement for participants, please reach out to Olivia Orth or Amy Hagen. We hope to continue to offer this program during the summers, but are hoping to create more opportunities during the school year as well.

Do you live in Seward or Homer? Are you interested in helping us expand the population of students we can serve through summer work?

Currently, the southern and eastern peninsula do not have a Summer Work Program set up. If this is something you may be interested in helping to facilitate, please let us know!
