Interests

Student government and music are my main interests at the moment. I have been involved with student government since my freshman year of high school. Within that time I have held several positions and have become actively involved in the Alaskan Association of Student Government. These experiences have shown me how necessary student input is to help make decisions on their academics because it is their education. Besides student government, music is another big passion of mine. I have played the violin for eleven years now, and the alto saxophone for seven years. With these instruments, I have participated in groups such as the Homer Youth String Orchestra and the Homer High School Concert and Jazz band.

Volunteer experience

- Homer Public Library Youth Volunteer (1 year)
- Girls Get Innovative Technology (2 years)

Hobbies

Besides Government and Music, I am very interested in ballet. I have been participating within the Homer Nutcracker for ten years now and it has been one of the best experiences I have ever had. Reading is also a big hobby of mine. My favorite genre is science. I enjoy being able to read and then understand more about the world around us.
