General Guidelines

These guidelines are considered minimum requirements, and the principal and Superintendent may add additional requirements depending on the nature, location and extent of the proposed field trip and the age, nature and experience of the sponsors, staff, students and operators.

Guidelines

Carefully planned field trips that are directly related to adopted curriculum are permitted, subject to the following guidelines:

1. Students must be supervised by a certified District teacher or other person approved by District administration.
2. All participants in the field trip must be either current students in the Kenai Peninsula Borough School District, Kenai Peninsula Borough School District employees, or adults subject to the chaperone/volunteer requirements. Children who are not part of the group participating in the trip may not accompany parents when the parents serve as chaperones.
3. This trip must have educational value related to approved curricula.
4. Student safety shall be protected.
5. No student shall be required to attend a school-sponsored trip that is not part of the curriculum. School programs for students not traveling must continue at the level expected if the trip did not occur.
6. Student time out of other instructional programs shall be kept to a minimum. Students traveling must maintain their overall educational program and are responsible for making up assigned work in classes missed.
7. Student costs shall be kept to a minimum. Students are responsible for their own costs. Schools may provide financial options to ensure maximum participation by all interested and qualified students, regardless of their economic circumstance.
8. No student may be denied participation, for financial reasons, in a school-sponsored field trip that is integral to the curriculum and the instructional program.

9. Students shall be expected to follow conduct rules that apply in school or during school-related activities. Students who violate these rules during a field trip are subject to regular discipline, including, but not limited to being sent home with a chaperone, if required, at parent expense.
10. Whenever practical, chaperones accompanying students on trips that involve overnight travel shall be of the same sex as the students participating.
11. Permission slips related to the specific trip and signed by the parent(s) or guardian(s) shall be secured prior to any field trip travel.
12. Appropriate District-approved waivers of liability (E 6153(f) Student Indemnification Statement Waiver of Liability), signed by the parent(s) or guardian(s), shall be secured prior to any field trip travel.
13. All school sponsored trips must be approved in advance, as set forth in E 6153(d) Verification of Field Trip Information (all field trips) and E 6153(a) Preliminary Field Trip Preparation for Extended Out-of-State or International Field Trips. Principals shall verify the quality of field trip preparations, plans, educational relevance, fundraising and sponsors.
14. Parties denied approval for a trip may appeal that decision to the Superintendent. Denial by the Superintendent may be appealed to the Board.
15. Administrators have the authority to exclude the participation of students whose documented behavioral history suggests the possibility that they may endanger themselves or others; or cause a substantial disruption while on a field trip. However, due consideration must be given to SECTION 504 and Individuals with Disabilities Education Act (IDEA) where applicable.
16. Pursuant to Section 504 and Americans with Disabilities Act (ADA), students with disabilities shall not be excluded from field trips because of transportation arrangements.

In advance of study trips, teachers shall determine educational objectives which relate directly to the curriculum. Principals shall ensure that teachers develop plans which provide for the best use of students' learning time while on the trip. Teachers also shall provide appropriate instruction before and after the trips.

Waiver of District Liability

Students and their families are expected to have adequate health insurance to cover the costs of accidents or injuries that may occur during field trips. Each participating student must submit a waiver of liability signed by the parent(s) or guardian(s) (E 6153(f) Student Indemnification Statement Waiver of Liability). Each participating chaperone or parent/guardian volunteer must sign a waiver of liability (E 6153(h) Volunteer Indemnification Statement Waiver of Liability). These waivers must be reviewed and approved by the principal and secured and on file in the school office prior to the trip.

Scheduling Travel for Days When School Is Not in Session

Extended field trips over which the school has scheduling control are to be planned for days school is not in session. Extended trips should be scheduled after regular school hours, on weekends, or during vacations. Unique travel circumstances that extend the trip into school days will be reviewed and approved by the principal on an individual basis prior to submission to the Superintendent for approval.

Chaperones

1. During all extended field trips, chaperones of the same sex must accompany students. An exception to this provision must have the approval of the Superintendent.
2. A proposal for the number of chaperones and funding sources for classroom substitutes must be submitted with the field trip request. For extended field trips, a recommended ratio is one chaperone to every eight students.
3. School employees must have approval from their building administrator to chaperone field trips if they will be absent from their assignment.
4. Chaperones will be informed in writing of the drug-free and tobacco workplace regulations which govern all District-sponsored activities. As mentioned in the Kenai Peninsula Student Activities Association/Student Handbook, chaperones are expected to refrain from using tobacco and consuming alcoholic beverages or drugs that are illegal in the State of Alaska while on the extended field trip. This includes marijuana, marijuana related products, marijuana related devices, imitation marijuana products, tobacco related products, tobacco related devices, and imitation tobacco products.
5. Each chaperone must stay with the group for the duration of the trip from departure through return. Exceptions may be made by the Superintendent prior to the trip.
6. Non-employee chaperones are required to undergo a criminal background check.

Trips Not Sponsored by District

When a trip involves both a school-sponsored element and an adjoining community element, staff members are permitted to coordinate these joint ventures with the use of appropriate school time and equipment.

Field Trips of One Day or Less

Field trips lasting one day or less are the responsibility of the principal and staff who will establish and use procedures to plan, conduct and evaluate field trips consistent with adopted curriculum.

Extended Field Trips (In-State)

Field trips lasting two or more days and involving overnight accommodations are the responsibility of the principal and staff.

Cocurricular in-state activities trips that comply with established schedules shall conform to the guidelines in the applicable activities handbook, and a list of such trips shall be filed by the coach, athletic director, advisor or sponsor with the principal and the executive secretary of the Kenai Peninsula Schools Activities Association.

Extended field trips planned during the school year for days when school is not in session shall be subject to the conditions listed above.

Extended Field Trips (Out-of-State or International)

Field trips involving travel and accommodations for out-of-state sports, activities and educational activities are the responsibility of the local administrator and staff subject to approval by the Superintendent.

The purchasing department must be involved to assist in planning and vendor selection. As a result, requests for out-of-state or international trips involve substantial advance planning. Requests shall be forwarded to the Superintendent on the District field trip form (E 6153(a) Preliminary Field Trip Preparation) for pre-approval prior to formal planning or fundraising. This preliminary approval must be obtained when plans are initiated or within the timeframes listed below, whichever comes first:

- a minimum of 10 months prior to the planned excursion for out-of-state trips,
- a minimum of 18 months prior to the planned excursion for international trips.

The Superintendent may approve requests for field trips outside of these timelines for unique circumstances that may arise.

Once vendor selection has been determined, due dates for required documents will be provided to the trip organizer for compliance. Documentation for these trips will be forwarded to the Superintendent on the District field trip forms E 6153(c) KPBSD Field Trip Information Form, E 6153(d) Verification of Field Trip Information, and E 6153(e) KPBSD Field Trip Questionnaire with appropriate attachments within the advised timelines.
