

**Kenai Peninsula Borough School District  
Board of Education Goals: 2022-2023**

**GOAL 1**

**Strengthen relationships by fostering active engagement and involvement with families and communities**

- Schools will increase stakeholder attendance and voice at site council meetings
- School leaders will increase opportunities for family involvement in learning activities
- Schools will increase community attendance and support at school extra-curricular activities
- The District will develop strong school and district partnerships with municipalities and local tribal governments
- The School Board and District Leadership will increase site visits and engagement with every school and community in the district
- The school board and administration will continue to develop strong relationships with the borough assembly, borough administration, and state legislators

DRAFT

## GOAL 2

### **Cultivate student success with an emphasis on literacy, career and technical education (CTE) and Citizenship**

- The District Instructional Team will create a district-wide literacy program to include professional development in teaching reading strategies.
- The District Instructional Team will provide meaningful and effective professional development for classified staff to support instructional strategies
- The District Instructional Team will facilitate a district-wide mentorship program to support site-based mentoring for individuals new to the district and new to the profession.
- The District Leadership Team will provide data for the School Board to review current CTE offerings and data
- Schools will increase the number of classes and opportunities for career and technical education
- Schools will increase the number of industry certifications earned by students
- The District will increase the integration of Service Learning in schools
- The District will provide and encourage citizenship opportunities to promote social responsibility and community ownership (Community Service, Government, Current Events and Civics Classes)

### **GOAL 3**

#### **Support and build partnerships with businesses and the community while increasing collaboration on facility usage.**

- Individual schools and the district will develop and strengthen partnerships with local businesses, agencies, local higher education institutions and the community.
- The Board will support the development of community school programs and partnerships with municipalities and other agencies.
- The District Leadership Team will develop memorandums of understanding with partners such as the Challenger Center, Sea Life Center, Parks and Recreation Facilities, etc.
- The District will encourage and invite community elders as speakers, to help provide understanding and knowledge of cultural history, customs, etc.
- The District will encourage and invite community specialists in the Arts, Sciences, etc. as speakers or temporary instructors.
- The Board will continue to improve and update Board Policy regarding facility use.
- The District Leadership Team will review costs of facility usage to ensure these costs are feasible.
- The District will increase facility utilization in each school by promoting the availability of gyms, theaters, pools, and fields (e.g., Visible Schedules).
