

Book	Administrative Regulations
Section	5000 STUDENTS
Title	Graduation Regalia
Code	AR 5127(b)
Status	Draft

Graduating students are expected to wear the attire customarily worn for the graduation ceremony at their school, with the specific exceptions outlined below.

A student may adorn the cap, gown, or stole customarily worn at their school with traditional objects of tribal regalia or recognized objects of cultural significance.

Furthermore, a student may choose to replace the graduation cap with cultural headwear.

For purpose of this protocol, the following items have the following meanings:

1. "Adornment" means something attached to, or worn with, the cap, gown, and stole customarily worn at school graduation ceremonies
2. "Cultural regalia" means formal wear used in recognized practices and traditions of a certain group of people

Adornments shall not include any alphabetical letters other than the student's name(s) or numerals other than the graduating class (e.g. Class of 2024). Other written statements, phrases, or slogans are not permitted.

Nothing in this administrative regulation shall be construed to limit the school district's discretion and authority to prohibit an item that is likely to cause substantial disruption of, or material interference with, the graduation ceremony.
