## Application for a Renewal Charter

Parties interested in submitting a renewal application for a charter school should familiarize themselves with all applicable state statutes and regulations contained within this document.

Local School Districts/School Boards may have developed a Charter Schools renewal application form for approval at the local level that requires additional information, however for the purposes of seeking State Board of Education & Early Development approval, **this renewal application form MUST be used.** Sufficient evidence must be presented to address all sections of this renewal application form for the department to deem the renewal application compliant and forward to the State Board of Education for approval.

### **Timeline:**

Applicants must follow all local procedures to seek Charter School approval by their local boards.

Not later than 30 days after a local school board's decision to approve a renewal application for a charter school, the local school board must forward the renewal application to the State Board of Education & Early Development for review and approval by mailing to the department:

- (1) the complete renewal application filed with the local school board, including all supporting documents required;
- (2) the written decision of the local school board;
- (3) all other materials considered by the local school board in support or in opposition to the renewal application; and
- (4) the minutes of the local school board meeting at which the charter was approved.

In the event the local school district/local board has a separate renewal application form that differs from the state required form, **it is the responsibility of the Charter School to transfer complete responses to the department form.**

**An original and 4 copies of the DEED Charter School Renewal Application Form should be mailed to:**

Alaska Department of Education & Early Development  
Attn: Charter School Program Manager  
P.O. Box 110500  
Juneau, Alaska 99811-0500

**Please also submit via email an electronic copy of the renewal application form to [jeni.mccarty@alaska.gov](mailto:jeni.mccarty@alaska.gov)**

A renewal application approved by a local school board and submitted to the department ***must be received by the department at least 90 days*** before the next regularly scheduled meeting of the State Board of Education and Early Development. See the State Board schedule ([education.alaska.gov/State\\_Board](http://education.alaska.gov/State_Board)) for a list of upcoming Board meetings.

A renewal application for a charter school approved by a local school board may not be submitted to the department more than 12 months before the expiration of the existing contract.

**Required Format:**

1. Not more than 200 pages single-sided, *unbound*, in 12 point font.
2. ALL pages numbered in consecutive order (i.e. 1, 2, 3, ...200).
3. A table of contents.
4. Follow in numerical order the numbered sections and sub-elements of the application.
5. ALL numbered sections and sub-elements must be addressed.

Upon receipt, the renewal application will go through a technical review committee to determine if any additional information is necessary. Addressing each section with sufficient detail and evidence examples will decrease the likelihood of additional information being requested.

Once the technical review committee agrees the applicant has demonstrated compliance, the renewal application will be scheduled to be addressed by the State Board of Education & Early Development at their next meeting.

**Purpose:**

Aurora Borealis Charter School is established to provide a research-based preparatory education through whole group, subject-centered direct instruction. Aurora Borealis differs from other educational programs in our community. As we choose curriculum, we look for research validating the rigor of the curriculum, correlation with Alaska State and Core Standards, and also a well-defined scope and sequence which allows us to spiral teaching through the grades, each grade building on the foundations established in years prior. Instruction is whole group, subject-centered, and direct. Use of this research-based curriculum results in a preparatory education emphasizing language arts (phonetic reading, writing, spelling, grammar, and vocabulary), mathematics, history and geography, science, technology, art and music, and physical education. An additional course, Enrichment, explores the Latin basis of our language, extended mathematic problem-solving, and, for all students in the upper grades, involvement in the Future Problem Solving research, training, and competitions.

### **Description of administrative oversight:**

Aurora Borealis Charter School (ABCS) adheres to the Kenai Peninsula Borough School District (KPBSD) Charter School Policy. The administrator, with oversight by the Academic Policy Committee, shall ensure that the terms of the contract between KPBSD and ABCS are being met. Charter Schools Assurance Page, Appendix C, is evidence from KPBSD that the terms of the contact are being met. In addition, ABCS conducts an annual review using KPBSD form E6187c that is on file at KPBSD and ABCS. ABCS also adheres to all of the policies included in the KPBSD policy manual. That manual is online at the KPBSD website (<http://www.kpbsd.k12.ak.us>) and is in Appendix E. The Policy Manual is used as a reference for staff and our Academic Policy Committee (APC) members. Our APC handles control and supervision of the charter school according to Charter School Law and operates in accordance to the Bylaws established for Aurora Borealis Charter School.

- ii. Provide the written *administrative policy manual* utilized by the charter or an indication on the signed assurance page that the policy manual submitted to the department in the initial application or previous renewal applications has not changed. Mark as Appendix E. 4 AAC 33.110(a)(13)***

### **Evidence of written administrative policy manual or assurance:**

Aurora Borealis Charter School follows the Kenai Peninsula Borough School District's administrative policies and procedures. We receive all administrative memos and the KPBSD Policy Manual is available online and a copy is located in the school office.

Refer to Appendix E for a copy of the manual.

- iii.* Provide evidence that the charter school met regularly with parents and with teachers of the charter school to review, evaluate, and improve operations of the charter school, including any review recommendations. AS 14.03.255(b)(3)**

### **Evidence of regular parent and teacher contacts for continuous improvement:**

Aurora Borealis Charter School conducts parent/teacher conferences twice a year according to KPBSD District Wide Calendar. There is a Parent Comment section on every Academic Policy Committee agenda. ABCS sends home weekly newsletters and announcements to parents via written letters and e-mail lists. The list of all APC meeting dates are listed in Section 1 of this document with the agendas and minutes of several meetings in Appendix D. Every APC meeting is an opportunity for parents and teachers to give input about the operations of the charter school. Every year the APC sends out a survey to all parents to receive feedback about the school. Completed surveys from previous years are on file in the office.

- iv.* Provide evidence that the charter school met with the APC at least once a year to monitor progress in achieving the committee's policies and goals. AS 14.03.255(b)(4)**

### **Evidence of annual APC meeting:**

Aurora Borealis Charter School conducts several APC meetings every year. During those meetings all members of the APC, parents, staff and community members have the opportunity to address any policies and goals. Assessment data (AIMS, Terra Nova, Ed Performance, and AMP) is shared during APC meetings after the specific assessment data has been released to the school. The data is explained by the administrator during the APC meeting and copies are given to each member. APC meeting minutes and agenda dates can be found in Section 1 of this document with specific agendas and minutes in Appendix D. ABC conducts an annual review using KPBSD's Charter School Annual Review Form (E6187c). The APC's goals are to follow Article 2 of the Bylaws (Appendix K).

- i. **Provide a description of the educational program to be offered at the charter school including specific teaching methods that benefit an age group, grade level or specific type of student and examples of curriculum utilized. AS 14.03.255(c)(1), AS 14.03.265(a)(1-3), 4 AAC 33.110(a)(5)**

#### **Description of educational program:**

Aurora Borealis Charter School provides a research-based preparatory education through whole group, subject-centered direct instruction. Emphasis is placed on language arts (phonetic reading, spelling, grammar, and vocabulary), penmanship, mathematics, history, science, geography, technology, art, music and physical education. Reading begins in kindergarten and is stressed throughout the program. Our Language Arts curriculum in kindergarten is ABCS Phonics that originated from Riggs, but is unique to our school. Students learn 55 phonograms and start doing first grade reading after the first semester. Math is accelerated in kindergarten with students finishing Saxon kindergarten level by October and then getting half of the Saxon first grade completed by the end of the year. First grade students finish Saxon first grade level by the end of the second quarter and then go on to finish second grade level Saxon math by the end of first grade. Therefore, students start second grade doing Saxon level three math. The teaching of students is accomplished through a well-defined scope and sequence using proven programs. Students are expected to perform at or above grade level and maintain a minimum grade of a C in all subjects. Grade scales are as follows:

Kindergarten: No Letter Grades

<b>Grades 1-8:</b>	(A+) 100-97	(A) 96-93	(A-) 92-90	(B+) 89-87	(B) 86-83	(B-) 82-80
	(C+) 79-77	(C) 76-73	(C-) 72-70	D (69-60)	F (59-0)	

A list of the curriculum utilized by ABCS can be found in Appendix F.

Curriculum review days are done each spring to ensure student data reflects comprehension on statewide standards. When state assessment data is available it is reviewed annually when results are available to analyze each specific area tested.

### Section 3: Educational Program and Student Achievement

The above mentioned data are used for setting school goals. ABC follows the KPBSD Assessment Calendar for conducting Federal, State and District assessments.

#### **Description of plans for serving special education, vocational education, gifted and bilingual students:**

Aurora Borealis Charter School complies with Kenai Peninsula Borough School District and State of Alaska's laws and statutes regarding special education students. Aurora Borealis Charter School identifies and serves special education, gifted and bilingual students. If a special services student or student with a 504 Plan enrolls at Aurora, a review of the student's IEP or 504 Plan is conducted with the IEP/504 Team. The IEP/504 team then determines if Aurora can meet the student's individual learning needs via the methodology and curriculum materials available at the school. The IEP team must include district office representation and a member of the student's neighborhood school. If the IEP/504 team determines that Aurora cannot adequately address the needs of the student the decision is disclosed to the parent at the meeting and documented in a Written Notice. Notice to the parent includes a copy of the Procedural Safeguards.

Include a synopsis of how students in your school are performing. Also include information on how the charter addresses the needs of students who do not perform at acceptable levels of proficiency. 4 AAC 33.110(a)(7)***

#### **Evidence of written objectives for program achievement, progress on meeting objectives, comparisons of disaggregated assessment data to district and state averages, and plans to address students who do not perform at acceptable levels:**

Aurora Borealis Charter School serves families in the general Kenai-Soldotna area, which includes Nikiski, Sterling, and Kasilof. By incorporating high academic and behavior expectations with a spiraling, skills and knowledge based curriculum and direct instruction, Aurora Borealis provides students with the foundation necessary to live successfully, contribute to their communities, and to be responsible citizens.

It is the goal of ABCS to provide a research-based preparatory education through whole group, subject-centered direct instruction, with textbooks used in the classroom. Emphasis is placed on language arts (phonetic reading, spelling, grammar, and vocabulary), penmanship, Latin,

### Section 3: Educational Program and Student Achievement

mathematics, history, science, geography, technology, art, and physical education. Character education, with strong emphasis on citizenship, values, self-discipline, and patriotism is an integral part of the Aurora Borealis education.

Students who do not perform at acceptable levels of proficiency are identified and referred to our intervention team. A team meeting is held to review student data and address the specific needs of each student. Aurora creates a new Multi-Tiered System of Support (MTSS) plan every year for DEED as part of the Alaska Reads Act requirement.

The following pages contain data that is used to measure program achievement, progress on meeting objectives, comparisons of data to district, state, and national averages. Data sources include: Terra Nova scores and Alaska Star Assessment scores.

Aurora Borealis Charter School provides professional development that is goal-based and driven by student assessment data. Professional development is directly related to the academic needs of students and the instructional needs of the staff in relation to gaps in student achievement. Over the past three years, the staff has completed professional development in the areas of Response to Intervention (RTI), Formative Assessment Strategies, SmartBoard Training, and Saxon Math Curriculum. ABCS has a Professional Development Liaison that is a resource for all staff members who seek training in specific areas. Currently, the staff is receiving professional development in utilizing Charlotte Danielson’s Framework for Effective Teaching. Staff receives annual training for Kenai Peninsula Borough School District and has the opportunity to take classes and professional development throughout the year. At the end of every year all teachers collaborate around year end data to review curriculum concerns.

### MEMORANDUM OF AGREEMENT

Between  
**Kenai Peninsula Borough School District**  
and  
**Aurora Borealis Charter School**  
**Sharing Facilities Contract Addendum**

The Kenai Peninsula Borough School District and Aurora Borealis Charter School Academic Policy Committee agrees to this Memorandum of Agreement regarding sharing facility space for the 2025-26 school year, renewable through the 2034-35 school year.

#### **1. Room Usage and Operational Costs**

- a. The District will provide all of the rooms in the Kenai Elementary basic floor plan except for the following rooms occupied by Kenai Alternative School: Rooms 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 75, 76. Portables 1 and 2 on the facilities map above will be provided as classrooms.

- b. Aurora Borealis will pay the District *a proportional share of In-Kind services determined in the following manner: To calculate the Aurora Borealis percentage share, divide the Aurora Borealis Adjusted Average Daily Membership (AADM) by the total KPBSD AADM. Multiply that percentage by the total In-Kind Services to calculate the Aurora Borealis proportional share. Rent will be at the rental rate times Aurora Borealis AADM. In FY 25, the rental rate was \$625 times AADM.*

*These estimated expenditures are booked in the online accounting system as expenditures for the current fiscal year, based on the prior fiscal year actual expenditures. The following year, an adjustment to "true-up" the actual costs will be posted. This allows for continuity in budgeting and allows Aurora Borealis administration and APC to rely on budget estimates when reviewing year-end costs and calculating possible carry-over of funds.*

- c. Aurora Borealis will pay the district each year \_\_\_\_\_ to cover the pro-rated operational cost associated with sharing a district facility for the 2025-26 school year. (utilities, shared staff, shared supplies, etc.) *To provide for continuity in budgeting, estimated costs will be booked in the accounting system in the current year, based on the prior fiscal year actual expenditures. The following fiscal year an adjustment to "true-up" the actual costs will be posted. This will allow Aurora Borealis to rely on budget estimates and at year-end when calculating possible carry-over funds.*
- d. Common Areas: Use and scheduling of the gym is split during the day between Aurora Borealis Charter School and Kenai Alternative School. ABC has gym priority from 8:00 AM-12:05PM and from 1:30-5:00PM.

**Section 5: Facility**

**2. Aurora Borealis Administrator**

- a. Administrator responsibilities involve the management of all daily operations of Aurora Borealis. Student achievement will match or exceed District goals and State standards.
- b. The administrator shall maintain fiscal management according to District guidelines and State Statutes. This includes the preparation and oversight of the school's budget, with regular accountability to, and approval of, the APC.
- c. The administrator will be the official liaison between the District administration, the APC and the charter school. Frequent open and regular communication will be maintained with the neighborhood school administrator to insure a successful relationship.

**3. Equipment and Supplies**

Aurora Borealis will purchase their own supplies and equipment needed for operation of their own program, or will share in rental costs on an as-needed basis.

**4. District Policy, State Statute, and Federal Requirement Accountability**

Aurora Borealis Charter School will comply with District Charter School policies, State Statutes, and Federal requirements during the duration of the charter. The charter school will meet all educational achievement goals and State standards as measured by the benchmark tests, mCLASS, NWEA MAP, AK Star, and other prescribed or required assessments.

This Memorandum of Agreement is for a one-year period, beginning *July 1, 2025 and ending June 30, 2026*, with automatic renewal each year through June 30, 2035, as long as the charter is current and the charter school is operating in good standing.

#### **Enrollment and Lottery Procedures**

Charter Schools of the Kenai Peninsula Borough School District are public schools which comply with all Federal and State Laws, as well as Borough Policies, concerning public education and equal opportunity.

The enrollment procedures for Aurora Borealis Charter School are as follows:

#### **Applying:**

Parents should come to the school office and fill out a lottery application for the upcoming school year. Applications are accepted from the first day of September, until the first Friday in March at 3:00 p.m.

#### **Enrollment:**

Currently enrolled students will be rolled over to the next academic year. Kindergarten and other open slots will be filled through the lottery. If a kindergarten student's parents choose to hold their student out they will be placed on next years waiting list for kindergarten. If there is no wait list for a specific grade and vacancies exist, students will be enrolled without going through the lottery.

#### **Lottery Procedures:**

Applicants will be listed in order by the date of their application from earliest to newest. Each applicant is randomly assigned a lottery number. Students are then placed on a waitlist in order of the number they were assigned. The lottery will be held on the last Thursday in March. The lottery results will be posted in the hallway outside the office the day following the lottery.

#### **Preference:**

If there is a vacancy in a classroom, or for kindergarten enrollment, children of full time school employees and siblings of children already enrolled who have attended at least one school day, will be selected first to fill the vacancy.

#### **Waiting List:**

In the event that vacancies still exist in a class, they are to be filled from the waiting list, beginning with the lowest lottery number. The number of slots available will depend upon each class. Students drawn from the lottery who are placed on the waiting list remain on the list until they request removal or are placed in a classroom.

Refer to Appendix G for evidence of equal and bias-free access to all eligible students.

## Section 6: Admission

#### **Agenda:**

1. **PARENT COMMENTS:** Kim stated that she wanted to be a part of the high school committee.
2. **STAFF COMMENTS:** Heidi asked why the APC only wanted 3 questions on their evaluation sheet that was given about the principal. Mr. McCanna stated that the Survey Monkey questionnaire was created at the last minute so that teachers could have an anonymous way of commenting about the principal to the APC to include in the year end survey results and that it was not created for evaluation purposes. Stephanie asked why it was only given to teachers and Mr. McCanna stated that most of the classified staff had already left for the summer and it was just a way of allowing teachers the opportunity to give feedback to the APC and that having a new set of surveys that include all staff will be used next year. Anita was concerned about the high school time frame and wanted to make sure the committee got input from office staff. Stephanie stated that she thought adding a high school would not fit with the school's original mission of serving K-8 students. She asked the APC members if they would give her their personal opinion about expanding the school to K-12. Mr. Jackman, Mr. Strait, Mr. Gordon, and Mr. Klein stated they would want to see the actual proposal and review it before they made a decision on anything. Mr. Sturman stated he loved the school and would want to see the school expand to K-12 if it was done right. It was discussed and decided to send out an e-mail to all parents and staff that the first official High School Committee meeting would meet June 8 at 3:30 at ABCS. (There was a lot more dialogue back and forth.)
3. **ANNURAL REVIEW OF POLICIES/GOALS:** The board reviewed the goals that were set this year (Following the 6 Implementation of Mission Statement from Article 2 of the APC Bylaws). The board reviewed the Parent Survey results, which included copies of the actual comments parents made. APC members discussed the different issues that came out of the comments section. The APC made note of specific issues: the open fence area, possibly

## Appendix D

stopping the rocks from getting on the pavement, being more visible to the parents and staff. Mr. McCanna stated that there was no data from PEAK (state test) and that Terra Nova results were still not back since the company made changes to their data processing company. Mr. McCanna presented Ed Performance data for Reading, Language Arts, and Math. The data was reviewed and discussed as evidence that the school is operating at a high academic level. More than 50% of the students performed at or above the National percentile of 85% in Reading, Language Arts, and Math. Mr. McCanna also gave APC members the results from a Survey Monkey survey he created for teachers that allowed them to write any feedback they wanted the APC to know about the current administrator. There was a discussion about goal setting for next year and that it would be good to set specific goals for the APC next fall.

4. **PARENT COMMENTS:** Dana stated that her daughter expressed concern that she was not able to finish the Ed Performance test at the end of the year since she had so much class work to finish. Mr. McCanna commented that Ed Performance has not traditionally been done by all grade levels from 3-8, so there was some issues for a lot of students this year, and that those issues will be resolved.
5. **BOARD MEMBER COMMENTS:** None
6. **NEXT MEETING DATE:** August 8, 5:30
7. **ADJOURNMENT:** Motion made by Mr. Gordon, Seconded by Mr. Klein. Unanimous. At 7:10

#### Establishment of Charter Schools

Charter schools that operate within the Kenai Peninsula Borough School District are schools established under Alaska Statutes 14.03.250 – 14.03.290.

Charter schools are established upon the approval of an application by the KPBSD Board of Education (KPBSD BOE) and the Alaska State Board of Education and Early Development (State Board).

Charter schools will operate under a written contract between the charter school and the KPBSD BOE.

The KPBSD BOE desires to support innovations which improve student learning and views charter schools as an opportunity for parents, teachers, and community members to take responsible risks and create new, innovative, and more flexible ways of educating children. The District administration will work cooperatively with parents/guardians, students, teachers and principals in their efforts to design new schools and alternative approaches to the existing state laws and regulations that govern public schools.

The following guidelines will be used to assist in the establishment of charter schools in the Kenai Peninsula Borough School District.

#### Organization and Operation of a Charter School

1. A charter school is a public school in the Kenai Peninsula Borough School District except that the charter school:
  - a. is exempt from the Kenai Peninsula Borough School District 's textbook adoption, programs, curriculum, and scheduling requirements.
  - b. The principal is selected by the Academic Policy Committee. The principal selects, appoints, or otherwise supervises employees of the charter school. The principal is exempt from AS 14.14.130(c) Chief School Administrator (Superintendent).
  - c. operates under an annual program budget as set out in the contract between the KPBSD BOE and the charter school.
  
2. A charter school administrator (principal), with oversight by the Academic Policy Committee, will:

## Appendix E

- a. keep financial records of the charter school.
- b. oversee the operation of the charter school to ensure that the terms of the contract are being met.
- c. meet regularly with parents and with teachers of the charter school to review, evaluate, and improve operations of the charter school.
- d. meet with the Academic Policy Committee at least six times each year to monitor progress in achieving the committee's policies and goals.

3. The charter school application serves as a contract proposal to the KPBSD BOE and must address all the items specified in the KPBSD 'Application/Contract Provisions' E 6187 (b) to satisfy stipulations in Alaska Statutes, Alaska Administrative Codes and KPBSD Board Policy.

4. A charter school may be operated in an existing KPBSD facility or in a facility within the Kenai Peninsula Borough that is not currently being used as a public school, if the chief school administrator/Superintendent determines the facility meets requirements for health and safety applicable to public buildings or other public schools in the District. See BP 6187 and AR 6187 section 'Charter Schools Sharing Facilities.'

5. Note: The charter school may be exempt from other KPBSD requirements if the exemption is set out in the contract.

Upon approval or rejection of a charter school application, the KPBSD BOE will submit to the State Board of Education a copy of the charter school application and a report on the action taken by the KPBSD BOE no later than 30 days following the KPBSD BOE action.

### 7. State Notification of a Charter School Application

- a. Upon approval of the charter school by the KPBSD BOE and the State Board, the contract will be signed by the president of the KPBSD BOE and the legally designated representative of the charter school. The Superintendent or designee will serve as a contact person for all communications between the charter school and the District administration.

### Annual Review of the Charter School

1. Once approved by both the KPBSD BOE and State Board, the charter school will be subject to an annual review of its operations and finances by the KPBSD BOE.
2. Annually, the charter school will submit a written report. Form E 6187 (c)
3. Every three years the charter school will make a presentation to the KPBSD BOE and the public. This report will include information on:
  - a. the attainment of student performance expectations,
  - b. meetings of the governing bodies of the charter school,
  - c. descriptions of charter school activities, and
  - d. other information of interest to the KPBSD BOE.

### Breach of Contract

1. Failure to comply with the provisions of the contract between the charter school and the local School Board is considered a breach of contract and may result in the termination of the charter school.
  - a. Examples of breach of contract include but are not limited to:
    - i. failure to meet or make reasonable progress toward achievement of the content standards or pupil performance standards identified in the contract,
    - ii. failure to meet generally accepted standards of fiscal management
    - iii. violating any provision of law from which the charter school was not specifically exempted.
2. During the charter school's annual review with the KPBSD BOE, compliance with the provisions of the contract will be monitored. If any allegations of noncompliance with the

## Appendix E

charter school contract (either by the charter school or by the District) are presented either during the annual review or at any other time, the KPBSD BOE will investigate these allegations. Prior to canceling the charter school contract, the KPBSD BOE and the charter school will attempt to remedy any violations of the contract.

3. The contract will be reviewed at the completion of the third year. A portion of that review will be based on a comparison of the Alaska Standards Based Assessment test scores of the school's students to those of the District average of a similar population of the District. If the school does not meet or exceed the District average the school will be placed on a two-year probation. Failure to meet the conditions of the probation will be grounds for denial of a future charter.

### Funding for Charter Schools

1. The charter school budget will be calculated by determining the amount of state funds generated by students enrolled in the charter school less administrative costs. Administrative costs will be determined by applying the indirect cost rate approved by the Department of Education and Early Development.
2. The program budget of a charter school is to be used for operating expenses of the educational program of the charter school including purchasing textbooks, classroom materials, and instructional aids.
3. The charter school will provide the financial and accounting information requested by the KPBSD BOE and State Board and will cooperate with the District in complying with the restrictions governing receipt and expenditure of District money.
4. The expense of housing nonresident students who attend the charter school, including room, board, and other reasonable housing expenses, may not be paid for with state money but may be paid for with funds contributed by sources other than the state.

### Admission

1. The program of a charter school may be designed to serve students within an age group or grade level; students who will benefit from a particular teaching method or curriculum; or nonresident students, including providing domiciliary services for students who need those services, if approved by the KPBSD BOE.
2. A charter school will enroll all eligible students who submit a timely application, unless the number of those applications exceeds the capacity of the program, class, grade level, or building. In the event of an excess of those applications, the charter school and the local KPBSD BOE will attempt to accommodate all of those applicants by considering providing additional classroom space and assigning additional teachers from the District to the charter school. If it is not possible to accommodate all eligible students who submit a timely application, students will be accepted by random drawing. The KPBSD BOE may not require a student to attend a charter school.
3. In addition to other requirements of law, a charter school will be nonsectarian.

### Teacher or Employee Agreements

## Appendix E

1. A teacher or employee may not be assigned to a charter school unless the teacher or employee consents to the assignment.
2. All provisions of an existing negotiated agreement or collective bargaining agreement applicable to a teacher or employee of the District apply to that teacher or employee if employed at a charter school in the District, unless the district and the bargaining unit representing the teacher or employee agree to an exemption.
3. A teacher in a charter school will be evaluated in an equivalent manner as all other teachers in the District, except that if there is no administrator assigned to the charter school, the KPBSD BOE , with the agreement of the charter school, will designate a District administrator in the District to evaluate a teacher in a charter school.
4. The District assumes no responsibility for employing the charter school administrator after the termination of the charter school contract unless the person is also employed as a teacher.

### Sharing a District Facility

1. Charter schools that are housed in a non-school District facility will be recognized under Alaska Statutes 14.03.250-14.30.290.
2. Charter schools proposing to use District facilities which are already in use as public schools, may do so only on the approval by the School Board

### Charter Schools Sharing Facilities

1. Guidelines for Determining Adequate Space for a Shared Facility:
  - a. The KPBSD BOE may allow a charter school to operate within an established KPBSD school if the projected enrollment of the two schools and other District programs (Special Ed, Title 1, Project Grad, etc.) do not exceed 90% of the rated capacity over the life of the charter school contract.
  - b. When the charter school is proposing to utilize space in an existing KPBSD school, the Superintendent will determine if the amount of space requested by the charter school can be made available, based on enrollment projections and school capacity.
  - c. The charter school application will include the estimated number of students, the number of requested classrooms and the grades taught for each year of the proposed contract.
  - d. In a shared facility, the Charter School may request to change the estimated number of students, the number of classrooms or the grades taught for the school year. The request must be submitted by October 1 of the year preceding the requested change. (District projected enrollment date)
2. Negotiating Shared Facility Agreements:
  - a. If the Superintendent determines space is available, the Superintendent, the charter school principal and an APC representative of the charter school will negotiate the terms of sharing a facility and make recommendations to the KPBSD BOE. This will be presented during the KPBSD BOE work session with the charter school applicants.

## Appendix E

- b. The Principal of the established KPBSD school will serve as the Primary principal for the building. The charter school principal will meet with the Primary principal and come to a mutual agreement regarding the charter school's observance of school rules and policies. These mutually agreed upon rules and policies will be included in the charter school application and contract with the KPBSD BOE . Failure to abide by the agreed upon rules and policies will be considered a breach of contract.

### 3. Determining Costs in a Shared Facility:

- a. Basic charter school funding will be allocated to charter schools by the School Board.
- b. Charter schools operating in an established neighborhood school will be responsible for funding their share of education programs in the building.
- c. During the administrative meeting, held after the Notification of Intent form is filed, the administrative committee will provide the charter school representatives with an estimation of revenues and operational costs.
- d. Following Board approval of the charter school contract, operational costs will be charged by the District to the charter school on a pro rata basis according to the recommended budget.
- e. All other services provided by the District to the charter school will be calculated on a cost only basis.
- f. At the end of each fiscal year, adjustments will be made to the charter school budgets based on actual revenues and expenditures.
- g. Space, personnel and shared resources will be equitably prorated and addressed annually in the charter school contract.

### 4. Shared Facility Resources:

- a. Charter schools operating in established KPBSD schools will be responsible for funding their education programs. The charter school may decide the use of their remaining available resources through their budget process after accounting for shared costs.
- b. If a charter school desires to combine their resources with an established KPBSD educational program and the Primary principal agrees, costs will be pro-rated according to the number of students.
