The Superintendent will ensure that all regularly employed personnel undergo a health examination upon initial employment ~~and every three years thereafter.~~

In addition, the Superintendent may require applicants for employment in support positions to undergo a pre-employment physical examination to show that they are physically able to perform the duties of specific jobs.

Employees may be required to pass a physical and/or psychological examination any time such an examination appears necessary to preserve the health and welfare of District students and employees, or to furnish medical proof of physical or mental ability to perform satisfactorily the assigned duties of an individual's position.
