Adopted	January 12, 2009
Last Reviewed	May 6, 2019

School equipment may be used by staff members and/or students only for school-related tasks. Personal use of District property is prohibited and may be cause for disciplinary action.

When school equipment is not being used by students or staff, school-connected organizations may be granted reasonable use of the equipment for school-related matters. Actual costs of services such as copying shall be paid by the group rather than by the District.

District-owned equipment can only be removed from the school site for school-related activities or approved rentals. The consent of the principal is required prior to the removal. District-owned equipment may be rented through BP and AR 1330 Use of Facilities and Properties, and E 1330 a & b Room/Building Use Application forms.

The consent of the principal is required if District-owned equipment is removed from the school site. When any equipment is taken off-site, the borrower is responsible for its safe return and shall be fully liable for any loss or damage.
