

March 5, 2026

Dear Alaska School Boards,

Please find enclosed an official recognition honoring **Alaska School Boards and school board members** for the work you do as locally elected public officials responsible for the governance of providing public education available to every student in the state of Alaska. This official recognition was enacted by members of the **33rd Alaska Legislature**.

AASB has volunteered to distribute official copies of this document to each school board across the state.

With deep gratitude for your service,

Lon Garrison
Executive Director
Association of Alaska School Boards
