

CONCUSSION INFORMATION

PARENT VERIFICATION

In accordance with AS 14.30.142, the School District requires that each athlete, and each minor athlete’s parent/guardian, receive information on the nature and risks of concussions each year. Students may not participate in school activities unless the student and parent/guardian of a student who is under 18 years of age have signed a current verification that they have received the information provided by the District. Parents will be provided information from the Center for Disease Control and Prevention (CDC) entitled, “A Fact Sheet for Athletes” and “A Fact Sheet for Parents”.

Parents and Students should review this information, discuss it at home, and direct any questions to the student’s coach, school principal or athletic activities director.
