

## Kenai Peninsula Borough School District

Goal/Work Plan: Rigor 17.18 Research, Alignment, Measures, Communication			
Strategies and Action Steps	Responsibility	Timeline	Evidence
<p>Performance-based Instructional Model</p> <p>Develop clear, actionable definition of Rigor</p>	Rigor Group	Fall 2017	Proposed: <i>In KPBSD, academic rigor is teaching, learning, and assessment which promotes student growth and knowledge through reflective thought, analysis, problem-solving, evaluation, or creativity</i>
<p>Performance-based Instructional Model</p> <p>Evaluate other successful performance-based implementations (such as High Tech High).</p> <p>Develop performance-based vision for KPBSD, incorporating action steps necessary for implementation into 18-19 and 19-20 goal plans.</p> <p>Determine current instructional practices and models in use that align to desired performance-based model. Identify those practices that do not align and develop action steps to redesign</p>	Leadership Team, District Instructional Team, School Administrators, Education Elements PL Council	Spring 2018	
<p>Performance-based Instructional Model</p> <p>Communicate throughout organization (internal and external) via Personalized Learning Blog, student growth and rigorous teaching highlights communicated with employees.</p>	Leadership Team, District Instructional Team, School Administrators, Education Elements PL Council	Ongoing	<p>Personalized Learning Blog – <a href="http://pl.blogs.kpbsd.k12.ak.us">pl.blogs.kpbsd.k12.ak.us</a></p> <p>KPBSD PL Resource Site – <a href="http://www.plkpbsd.org">www.plkpbsd.org</a>: houses instructional plans and other resources developed as schools turnkey their EE next steps</p>

## Kenai Peninsula Borough School District

Student Growth and Success			
Refine KPI's as necessary to align as performance model develops	Leadership Team with input from DIT and School Administrators	Spring 2018	
Curriculum and Technology			
Develop mechanism for evaluating digital tool purchases toward personalized learning goals	Leadership Team, District Instructional Team, Curriculum, Information Technology, Finance	Fall 2017	Leverage EdElements software evaluation library to evaluate new instructional software purchases.
Curriculum and Technology			
Benchmark existing digital tools available at District level or commonly in use of schools against EdElements evaluation library. Identify recommendations for change, if any		Spring 2018	
Curriculum and Technology			
Develop adjustments necessary to align technology plan and curriculum to maximize access to digital tools.		Spring 2018	FY18 tech plan introduces a "web-access" device (Chromebook or equivalent) designed to increase device availability for web-based digital tools.
Develop 2018-2019 and 2019-2020 Rigor strategies and actions	Leadership Team	Fall 2017
